

Caltrans Construction Notice

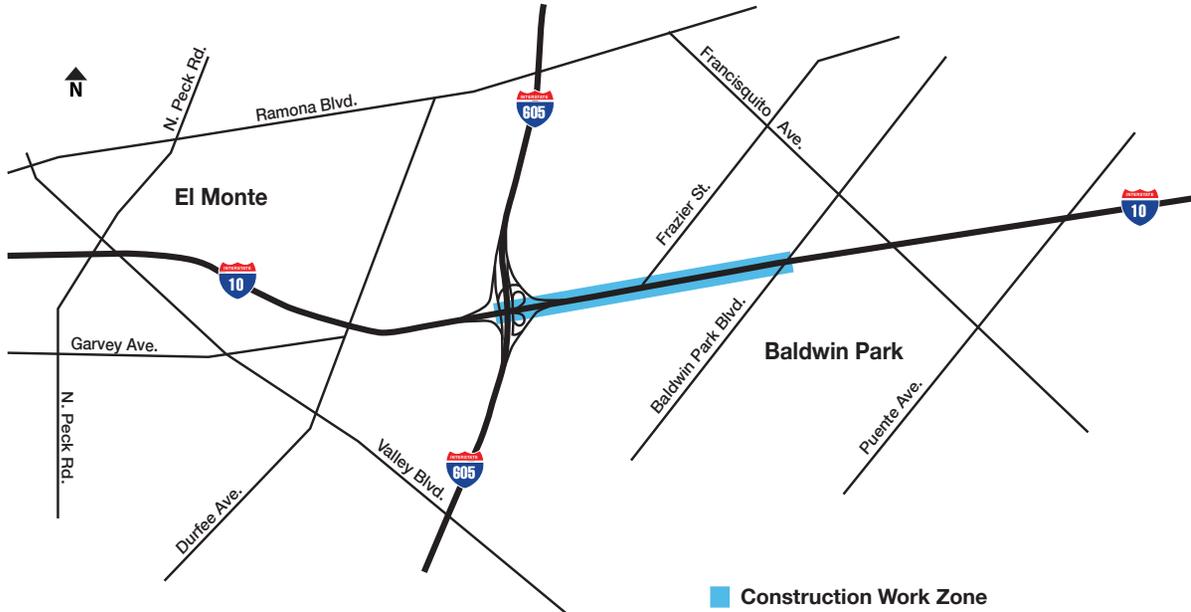

I-10 NIGHTLY FULL FREEWAY CLOSURES

A series of full freeway closures are scheduled beginning Friday, November 15, through Thursday, November 21. Caltrans will close **BOTH** directions of I-10 between the San Gabriel River Freeway (I-605) and Baldwin Park Boulevard **nightly** for up to 5 hours on weekdays and up to 7 hours on weekends. Motorists will experience delays and are strongly advised to use alternate routes. The closures are needed for the Los Angeles Department of Water and Power (LADWP) to complete utility relocation work to accommodate freeway construction.

PROJECT DESCRIPTION

In an effort to improve traffic flow from the southbound San Gabriel River Freeway (I-605) to the eastbound San Bernardino Freeway (I-10), construction of a direct fly-over connector has begun. Currently, the existing southbound I-605 to eastbound I-10 connector ramp at this interchange provides commuters a very short distance to merge. This causes a number of traffic delays, at times complicating commuters traveling on westbound I-10 and southbound I-605. The fly-over connector will provide a direct connection between southbound I-605 and eastbound I-10 and eliminate weaving at this connector, providing for improved goods movement and enhanced safety and mobility throughout the region. The project has an anticipated completion of fall, 2015.

UPDATED FREEWAY CLOSURE DATES

Friday, November 15 at 11:59 p.m. - Saturday, November 16 at 6 a.m.

Sunday, November 17 at 1 a.m. - Sunday, November 17 at 8 a.m.

Nightly, Sunday, November 17 - Thursday, November 21, 11 p.m. - 4 a.m.

- Closure dates are weather permitting and subject to change
