

City of Monrovia Clean Air Award

On October 2, 2009, the City of Monrovia received a Clean Air Award in the category of Model Community Achievement from the South Coast Air Quality Management District (AQMD). The City's nomination outlined the Monrovia Environmental Accords which outline short and long-term strategies for sustainability. This prestigious award honors the visionaries in our region who have helped in the fight for clean air through innovation, leadership and exemplary service.
